Heart Disease Kills

Suddenly, but never without warning symptoms, such as faint, weak or hungry spells, irregular or intermittent pulse, fluttering or palpitation of the heart, choking sensations, shortness of breath, swelling of feet and ankles, etc.

Dr. Miles' Heart Cure,
Cures Heart Disease.

Mr. Geo. L. Smith, of the Geo. L. Smith Mangle Co., Louisville, Ky., writes Feb. 26, 1894: "For about a year I was a terrible sufferer from heart trouble, which got so bad I was obliged to sit up in bed to get my breath. I had to abandon business and could hardly crawl around. My friend, Mr. Julius C. Voght, one of our leading pharmacists, asked me to try Dr. Miles' Heart Cure. I had used little more than a bottle when the pain ceased and palpitations entirely disappeared. I have not had the slightest trouble since, and today I am attending to business as regularly as ever."

Danger Signals

More than half the victims of consumption do not know they have it. Here is a list of symptoms by which consumption can certainly be detected:

- Cough, one or two slight efforts on rising, occurring during the day and frequently during the night.
 - Short breathing after exertion.
 - Tightness of the chest.
 - Quick pulse, especially noticeable in the evening and after a full meal.
 - Chilliness in the evening, followed by slight fever.
 - Prostration toward morning and pale face and languid in the morning.
 - Loss of vitality.
- If you have these symptoms, or any of them, do not delay. There are many preparations which claim to be cures, but Dr. Riker's English Remedy for Consumption has the highest endorsements, and has stood the test of years. It will arrest consumption in its earlier stages, and drive away the symptoms named. It is manufactured by the Acker Medicine Co., 16 and 18 Chambers St., New York, and sold by all reputable druggists.

Uprising of Business Men on the
Samoa Islands.

WANT THE PRESIDENT BOUNCED

Because Business is Dull and He Gets Too Much Salary—Want a Clerk Hired to Take His Place—The President Takes Advantage of an Error in a Call for a Convention and Treats Himself to a Holiday.

SAN FRANCISCO, Jan. 16.—The steamer Mariposa arrived from Apia this morning, bringing news of an uprising of the business men of Samoa against President Schmidt.

Business being dull at Samoa, the people, as they do everywhere, criticized the government. The situation had been talked over by several leading merchants and it being ascertained that 85 per cent of all municipal and governmental revenues were being paid out in salaries; meetings were held by the prominent business men, where resolutions were unanimously adopted. The resolutions were to the effect that, after years of trial, the different functions of the President, who receives a compensation from the municipality of Apia of \$5,000 yearly, had proved to be entirely unworkable or he was a failure and a burdensome expense upon the community; that as advised to the king, he could never be successful. To prove this charge, the resolution set forth that the king and government had found it necessary to petition the three treaty powers for the removal of President Schmidt.

Referring again to President Schmidt the resolution states as chairman of the municipal council his success in the past. The committee also called attention to the fact that the president was quite capable of conducting his own affairs, especially where they have the three consuls as a supervisory board. As treasurer and custodian of the revenue, it was represented that it did not require a man at a salary of \$5,000 per annum to superintend the running of a little custom house and oversee a few clerks. There are plenty of business men in the place it was said who could fill the office, under bonds, in a far more satisfactory manner in the regular course of their daily business for a nominal salary. Furthermore, since the ratification of the Berlin treaty while the foreigners have always complied with the regulations and paid the taxes, the Samoans have not done so, and no attempt whatever has been made to collect the Samoan capitation tax. Therefore the treaty powers were requested to recall President Schmidt and allow their representatives, the three consuls, to take the office. It was then agreed that a committee be made to the members of the municipal council in order to allow them to approve or disapprove the foregoing.

This action was taken but the members refused to meet the peoples' committee, which aroused such a storm of hostile criticism that four out of six members resigned. The committee held shortly afterwards, unanimously approved of the resolutions of the people, including the abolition of the office of president, and adding a rider to the effect that the ad valorem duties should be raised from two to ten per cent. Matters then assumed a farcical aspect, but the people were in earnest and obtained a sufficient number of signatures of councillors to demand the president to call a special meeting to receive the resignation and issue a writ for a new election. Unfortunately for the people, an error was made in the date for the meeting as the request was made for Tuesday, December 22, when it should have been the 24th. The president's perception was acute enough to detect the error and he replied asking which was the date intended, and has in the meantime taken a week's holiday.

So the matter stands, but the people are in earnest and even if force is necessary will make a change in the existing order of things.

G. A. R. AND PENSIONERS

The Committee Will Make War on the

Hard-Hearted Democratic Policy.

WASHINGTON, D. C., Jan. 16.—The pension committee of the Grand Army of the Republic will meet here to-morrow evening to go over the pension matters, and prepare for urging certain legislation by Congress. Those present will include Benjamin Brooke, Philadelphia, chairman; General W. W. Dudley, Washington; A. S. Shaw, Watertown, N. Y.; and Attorney General Ketcham, of Indiana, with General Walker, commander-in-chief, ex-officio. General Walker will later appear before the house committee on pensions and urge legislation which the pension committee administration on "business principles," the stopping of "unwarranted interference with pensions through biased complaints," and will favor fixing \$300 a year as the limit of income which bars a widow from receiving a pension. General Walker said to-day:

"We want the practice of sending assassins of pensioners rights through the country at the beck and call of every one who has some personal aim to serve, to stop. The G. A. R. is in favor of using every means to stop fraudulent operations, but in ninety-nine cases out of 100 it is not the pensioner guilty of fraud in cases investigated, but those personating pensioners. Among no body of men is there less fraud. We believe that, except where otherwise by special legislation, all pensions should be issued uniformly, the widow of a colonel receiving the same pension as the widow of a private."

McKee Took the Honors.

PHILADELPHIA, Pa., Jan. 15.—

Owen Zeigler and Charles McKee, the light-weight pugilists, fought six rounds at the Tuxedo athletic club to-night and the decision was given to McKee.

In the first round Zeigler had all the best of it, but thereafter McKee took the honors. It was hammer and tongs throughout the bout, being one of the liveliest seen in this city for some time.

Senate Confirmations.

WASHINGTON, D. C., Jan. 15.—The senate to-day confirmed the following nominations: Charles B. Simonton, of Tennessee, to be attorney for the United States for the western district of Tennessee; B. E. Bennett, of Washington, to be United States attorney for the district of Alaska; A. K. Delaney, of Delaware, to be United States district judge of the district of Alaska; A. E. Morlan, of Louisiana, to be consul at Belize, British Honduras.

A Disappointed Bull Fighter.

EL PASO, Texas, Jan. 15.—The local committee which has secured a franchise for the bull fight in Juarez, Mexico, during the fiesta carnival next week, received a cable from Madrid, announcing that Senor Jose de Moreno, the most famous bull fighter of Spain, has accepted the committee's offer to bring his troupe here for six days, fighting to begin February 12.

Julian will arrive from New York in the morning and he and Quinn will select a referee Friday.

The Volcano Again Active.

SAN FRANCISCO, Jan. 15.—The steamer Mariposa arrived from Honolulu this morning, bringing the following advices to January 9:

"The volcano has broken out again and shows great activity. The outbreak began on Friday night, January 8, and a shower of lava of about 200 feet in place that night. The lake is now about 200 feet wide and 250 feet

long. The illumination was very strong, the glow being visible at Hill. There has been no herding of returning activity. On December 6, 1904, there was a quiet disappearance of the lava and the renewal on the third of this month was as noiseless and unwarmed as the disappearance has been.

Mr. Balfour's, each.

LONDON, Jan. 16.—The St. James Gazette commenting this afternoon upon the speech which the first lord of the treasury, the Rt. Hon. A. J. Balfour, made at Manchester last night, says: "Mr. Balfour does not give encouragement to the diplomatic amateurs who are trying to get the Americans to believe that we are wrong and will end by knocking down. Those who have been led to believe that the marquis of Salisbury intends to apply to Washington asking it to be good enough to arbitrate or reconcile, are much mistaken and we sincerely hope they have not been able to lead American opinion to share their error."

The Queen's Letter.

CONSTANTINOPLE, Jan. 16.—The letter of Queen Victoria to the sultan of Turkey expressed the hope that peace would soon be restored in Anatolia.

IF there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons Liver Regulator is the best medicine. "I use it in preference to any other," so writes Mr. M. H. Russell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

Are You Ever Annoyed

by a buzzing or roaring sound in your head? Have you difficulty in hearing distinctly? Are you troubled with a continual dropping of mucus, irritating the throat and causing you to cough? Is your head unpleasantly affected and accompanied with bad taste? Is your hearing less acute? If so, you have catarrh and should at once procure a bottle of Ely's Cream Balm, the best known remedy. The Balm will give instant relief.

FINANCE AND TRADE.

The Features of the Money and Stock Markets.

NEW YORK, Jan. 16.—Money on call easy at 3 1/4 per cent; last loan 3 1/2 per cent. Prime mercantile paper 6 1/2 per cent. Sterling exchange firm, with actual business in bankers' bill at \$4 59 1/4 for demand and \$4 57 1/4 for 60 days. Posted rates \$4 58 1/4 and \$4 59 1/4. Commercial bills \$4 58 1/4. Bar silver 67 1/2.

The principal topic of discussion in Wall street to-day was the treasury circular announcing a modification of the terms of payment for the impending issue of government bonds. The change admits of the payment of the 30 per cent remaining, after the 20 per cent required to be paid in advance, in installments of 10 per cent, at intervals of fifteen, instead of ten days, as previously called for. This spreads the entire payment over a period of 150 days instead of 40 days and greatly lessens the danger of a crucial disturbance of the money market. Ever since the open call for subscriptions to the new loan was made, considerable anxiety has been manifested by conservative financiers. As bearing upon this point some apprehension is beginning to be felt over the increasing number of assignments of commercial houses in various sections of the country. To-day's stock market was quiet throughout and uninteresting aside of the vagaries of some of the industrial shares. The opening, though dull, was at general advances, partly inspired by improvement in the prices of the so-called international American shares. In the early dealings advances of about a point were scored by sugar, Chicago Gas and leather. The market mainly covering of shorts. The market soon developed a sagging tendency partly on apprehension of extensive shipments of gold by Saturday's steamers and partly on moderate selling, traded to represent active foreign banking houses. The market closed firm on an increased volume of business.

Bonds ruled higher on moderate dealings.

The sales were \$1,326,000.

Governments were slightly lower on transactions of \$2,000.

State issues secured for \$31,000, mainly Virginia Centuries.

The total sales of stocks to-day were 16,738 shares.

Government bonds lower.

State bonds dull.

Railroad bonds firm.

Evening Post's London financial exchange:

The stock markets continue buoyant, closing nearly at the best.

The Paris and Berlin markets were firm.
